

What's Happening in Little Apples

Week Commencing 18th September 2023

Here is an overview of what the children will be learning this week:

The children have started their new topic about ***transport***.

We have talked about what we already know and what we would like to find out more about. Aeroplanes are a very popular choice and the children had the following questions:

“Who is in charge of the plane?”

“Where do we catch a plane from?”

“Who has been on an aeroplane?”

“What can you do on an aeroplane?”

To help answer these questions we will be carrying out a variety of aeroplane themed activities.

Role Play

We will be making a large role play airport and aeroplane so the children can go on holiday.

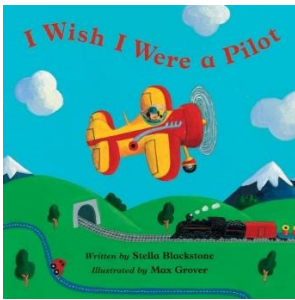

Maths

The children will be making their own planes out of cardboard and sticks and will throw them to see how far they fly. The children will then use different units (i.e. footsteps) to see how far the planes flew. The vocabulary they will be encouraged to use is 'longer', 'shorter', 'longest', 'shortest'.

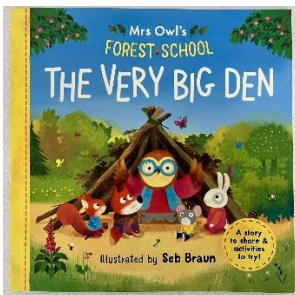

The children will also be identifying numbers and the staff will be taking them on a number hunt.

Literacy

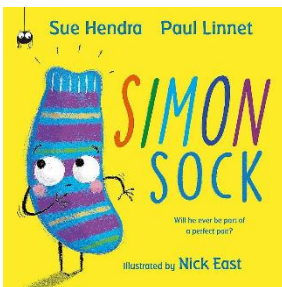

The children will be sharing the following books.

To support our vehicles topic.

A fabulous book to help us learn forest schools rules.

We will be using this book for the first four weeks of term. It is about everyone being different.
