

## **What's Happening in Little Apples**

**Week Commencing 25<sup>th</sup> September 2023**

Here is an overview of what the children will be learning this week:

The children have started their new topic about ***transport***.

This week we will start to learn about boats. Here are some of our questions:

***“Why are boats different?”***

***“Where are boats made?”***

***“Who has a boat?”***

***“Are boats big?”***

To help answer these questions we will be carrying out a variety of boat themed activities. The children will be making their own boats out of lots of different materials and will see which ones sink and float.

### **Role Play**

We will be using the pirate ship on the playground to act out pirate stories. We will be dressing up and singing pirate songs.

### **Maths**

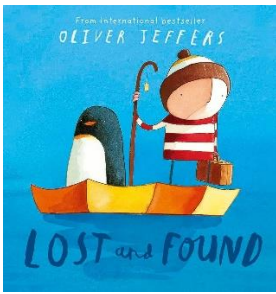

This week we will be using fruit and vegetables to print patterns.

### **Harvest**

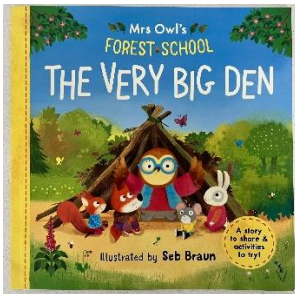

The whole school is celebrating Harvest next week, we will be learning about where food comes from and singing songs about farms and food. We will be using autumn colours to make patterns and paint.

### **Literacy**

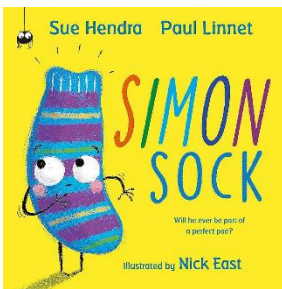

The children will be sharing the following books.

***We will be retelling Lost and Found using different props.***

**A fabulous book to help us learn forest schools rules.**

**This week we will be thinking about the differences between everyone in Little Apples.**
